

## High Stool Backrest

# ROOM

WWW.ROOMONLINE.COM

High Stool with a new backrest — hence the name High Stool Backrest — which builds on High Stool’s beautifully fluid, sculptural and archetypal character, adding a generous rounded backrest for a heightened sense of comfort. The backrest itself is upholstered in a soft durable leather and is fully supportive and comfortable so that it outweighs the need for armrests. The collection is available in solid oak or beech wood with a backrest steam bended in veneer. Perfect for both residential and hospitality use.

The wood is sustainably sourced from well-managed forests, honouring the UN Sustainable Development Goals of protecting “*Life on Land*” (SDGs 15) and “*Responsible Consumption and Production*” (SDGs 12) while supporting “*Partnership for the Goals*” (SDGs 17).
