Specifications

Height: 19in / 48cm
Depth: 5in / 13cm
Width: 5in / 13cm
Weight: 3lb / 2kg
Max Wattage: 3w
Shown with one large and one medium pod

Backplate: Ø 5" x .25" with fixed hardware
Materials: Machined aluminum, glass
Bulbs: G4|12V|1.2W|2700K Bi-Pin LED, Dimmable, transformer provided

UL, cUL (120V), CE, CB (240V) Certified

Inspiration

The inspiration for the versatile lighting system came from the natural drape and growth patterns of the Burro's Tail plant. Each component of the spine is machined from solid aluminum and when assembled, fully articulates within its self-regulated range of motion, creating a rational curvature. The glass shades are mold-blown by hand and illuminated by LEDs.

Designed by Karl Zahn for Lindsey Adelman Studio.
