

Tree

Tree armature system connects glass pieces to a series of branches.

LED lamps and power supplies are included.

Install power supplies remotely in a close, accessible, water tight and hidden location for ease of long term maintenance. Installation to be done by certified personnel to ensure code compliance.

All trees are rated (IP 56) for outdoor (or indoor) use based on structural analysis for the maximum loaded trees noted above in moderately sheltered locations near seawater with minimal snowloads. Any other application restraints may need further engineering.

Bocci's two year product warranty on tree parts is applicable to these replacement parts, excluding any labour costs incurred by the client.

Recommended retail prices excluding taxes.
