NOW HIRING: SATURDAY SALESPERSON

We are currently looking for a design-driven associate to help customers in the Greenwich showroom on Saturdays from 11-5. This is an ideal scenario for a design student , and can grow into more hours and responsibilities if the fit is right.

ROOM has been around since 1998, working with some of the country's best known architects and interior designers on projects large and small. We are proud to present a curated collection of stunning lighting and furniture collections, including our own custom-made cabinetry and upholstery.

Our goal is to provide absolutely beautiful merchandise, coupled with an equally amazing customer experience - exceeding the customer's expectations every time!

For consideration, please email a resume & cover letter to amy@roomonline.com.
